

END OF LIFE NOTIFICATION

Pre-Notification Final Notification

PCN Number:	Micropac Part Number / Description:
DOCUMENT1	All Ceramic Package heaters. Micropac Part Numbers: xxx

Last Order Date:	Last Delivery Date:
31 October 2019	31 October 2019

Comments:

Raw material composition changes at a supplier to Micropac have resulted in unusable package material that cannot support component mounting or device sealing. Attempts to modify processes to utilize the raw material have been unsuccessful.

Micropac does offer similar heaters in metal packages and suggested replacements are shown below. Both style heaters have been in production for a long time. Functionally the metal package heaters are identical to the ceramic package heaters, the dimensions and lead configurations are slightly different and should be reviewed for each application.

Ceramic Package Heater	Suggested Metal Package Heater
51948A	52280-106-A
52005A	
52034	
52416-2	52280-109-2
52507-2	52280-108-2
