FOR IMMEDIATE RELEASE

Micropac Implements EPICOR

Dallas (December 15, 2018) –

Micropac Industries has chosen Epicor as our Enterprise Resource Planning (ERP) solution. Epicor ERP will provide Micropac with the platform for managing growth by connecting all critical systems and data sources to increase efficiency, enhance control and facilitate real-time management of the business. In order to facilitate the transition to Epicor, Micropac has contracted with EstesGroup to implement the changeover and train Micropac's employees. Mr. Mark King, Chairman and CEO stated:

“Our new Epicor ERP solution is an excellent fit for Micropac. Our varied requirements, complex business and manufacturing processes, as well as our business growth, requires a robust and powerful ERP system which improves operations while achieving cost effectiveness.”

###

About Epicor Software Corporation

Epicor Software Corporation drives business growth. We provide flexible, industry-specific software designed to fit the precise needs of our manufacturing, distribution, retail, and service industry customers. More than 45 years of experience with our customers' unique business processes and operational requirements are built into every solution—in the cloud or on premises. With this deep understanding of your industry, Epicor solutions dramatically improve performance and profitability while easing complexity so you can focus on growth. For more information, connect with Epicor or visit www.epicor.com.

About EstesGroup

EstesGroup helps businesses run better. We provide solutions to industry-specific verticals including the needs of manufacturing, distribution, medical, retail, and service industry customers. With our own PEAK methodology and over 12 years of experience, our clients enjoy the highest level of professional support in the industry—in the cloud, hosted, or on-premises – for their ERP or Managed Services needs.
